Governance - Kgotsa

Governance /Tsamaiso

Balekgotla and Maletamotse

The local kgotsa has as its governance structure called **“Balekgotla ba morafe”** or tribal councillors /committee constituted and appointed by the local traditional leader/kgosi to serve and assist him in the execution of his responsibilities.

Their appointment and service is voluntary and they assist kgosi as advisors and assistance in the functions of the community on voluntary basis/No pay.

Balekgotla ke ba gakoludi le bathusi ba kgosi mo mererong ya tsamaiso motse ka mokgwa wa setso le ngwao ya morafe jaaka Setswana.

Balekgotla ga ba tlhophiwe meme morafe o ka thusa mo go shupeng bao ba leng maleba.

Ka tsamaiso ya setso ba tshwanetse gobo ele batho ba ba maikarabelo ele bagolo ebile bana le malapa aa tsepameng kgotsa maikarabelo mo dikgotleng tsa bone/. Ene ele tlwaelo gore enne maloko a dikgotla/dikgoro tse di riling mme se ga se paleteletso.

The common number was six memvers with kgosi making a total of seven .Balekgotla re further assisted by a optional committee called **Maletamotse**-Community elders or advisors which may include young people or people with special skills or responsibilities in the community wheteher home based or still working class.

Go a bonagala gore lekgotla le tlhoka tekatekanyo ya bong le go okediwa go ya ka ditlhokego tsa bogosi le setshaba/ morafe, It is about time to transform the composition to be all inclusive of gender and demographic while to improve the quality of governance, however very difficult to get productive people in lekgotla due to the fact that most are working far away from home/migrant workers.
